

Lead the Future of Pediatric Interventional Radiology at One of the Nation's Top Public Universities

The Department of Radiology at the **University of North Carolina at Chapel Hill** is seeking a bold, visionary **Chief of Pediatric Interventional Radiology** to shape the future of pediatric IR care, research, and education in North Carolina and beyond.

This is more than a faculty appointment—it's a rare opportunity to **build and lead** a premier pediatric interventional radiology program at a world-class academic medical center. The selected leader will join a thriving, mission-driven institution at the forefront of healthcare innovation and serve a pivotal role in developing services for the **new, state-of-the-art North Carolina Children's Hospital**—the first free-standing children's hospital in the state, opening in the early 2030s. This future-focused facility will offer 400 inpatient beds, 100 behavioral health beds, and an ambulatory services building, and serve as a major hub for pediatric care in collaboration with UNC and Duke.

About the Role:

As Chief of Pediatric IR, you will:

- **Lead a high-performing team** providing cutting-edge vascular and non-vascular interventions for children, including vascular malformations, oncologic procedures, organ transplants, biopsies, drainages, and complex vascular access.
- Shape **clinical strategy, operational planning, and facility design** for the upcoming Children's Hospital IR services.
- Serve as a dedicated mentor and educator within a top-tier academic environment.
- Drive impactful research in pediatric interventional radiology in collaboration with UNC's robust health sciences research ecosystem.

Why UNC Radiology?

UNC-Chapel Hill is consistently ranked among the nation's best public universities and is globally recognized for its excellence in **innovative teaching, interdisciplinary research, and public service**. The Department of Radiology is a vital part of this mission, with a strong legacy of training future leaders in radiology and delivering outstanding, equitable patient care.

You'll find **true academic synergy** here—with opportunities for cross-disciplinary collaboration, support for research and grants, and a deep commitment to patient-focused innovation.

Life in Chapel Hill

Home to one of the most vibrant college towns in the U.S., Chapel Hill offers an exceptional quality of life, nationally ranked schools, and a diverse, inclusive community. Enjoy a rich mix of culture, recreation, dining, and nature in a region consistently named among the **best places to live** in America.

UNC Benefits Include:

- A comprehensive benefits package for full-time employees
- Professional development and career advancement opportunities
- Generous paid leave, health, dental, and retirement plans
- Work/life balance support, including family-friendly perks like discounts on childcare and campus events

Be a cornerstone in the next chapter of pediatric interventional care in North Carolina. **Join UNC Radiology and help reimagine what's possible for our youngest patients.**

Apply now to lead, inspire, and innovate.
