

Join One of the Largest Children's Integrated Health Systems

Pediatric Radiologist, Interventional – 11515

Orlando, FL, United States

Job Description

Nemours Children's Hospital, Florida is seeking a Pediatric Interventional Radiologist to work at our free-standing children's hospital in Orlando.

We have dedicated single and bi-plane rooms with support from a dedicated Anesthesia team, 4 Interventional Radiology techs and 2 APPs. We are currently in the process of an expansion which will double the square footage of the division, allowing ample room for our two magnets.

Nemours Radiology is one of the largest pediatric radiology groups in the United States, currently composed of 46 pediatric radiologists, growing to over 50 in 2026, working together to provide state-of-the-art diagnostic and interventional radiology services at our locations in Delaware, Florida, New Jersey, and Pennsylvania. In 2025, we are on track to perform 500,000 imaging examinations across the growing system. The enterprise is integrated within a single PACS, with faculty working from shared worklists, participating in multi-site conferences and initiatives, and sharing after-hours responsibilities including a current dedicated team of 3 nighthawk radiologists. We have collaborative research opportunities supported by dedicated leadership, PhD's, and a radiology research fellowship. We are also active educationally with Pediatric Radiology and Pediatric Neuroradiology fellowships at our Orlando, FL and Wilmington, DE campuses and radiology residents from multiple programs rotating through the department. Pediatric Radiology fellows are expected to rotate with the nighthawk team during their fellowship year.

Academic appointment at the University of Central Florida College of Medicine will be recommended commensurate with the candidate's qualifications and experience. Research opportunities exist throughout the enterprise and candidates with interest in Quality & Safety as well as Research & Education are encouraged to apply.

What We Offer

- No state income tax for Florida
- Competitive base compensation
- Comprehensive benefits: health, life, dental, vision
- Mortgage assistance, relocation packages and 403B with employer match, 457 retirement savings plan
- Licensure, CME and dues allowance
- Not-for-profit status; eligibility for Public Service Loan Forgiveness

About the Team

At Nemours Children's, our providers and associates work together across specialties, clinics and hospitals, to give children care that's among the safest, most caring and compassionate. As part of a pediatric health system with both clinical and academic partnerships, we are 100% focused on ensuring a healthier future for children. We strive for excellent outcomes across all of our medical and surgical specialties - and we measure these outcomes in order to provide consistent, top-rated care.

We aspire to build a workforce of providers that support the needs of the communities we serve and create a sense of belonging for our patients and families. Nemours Children's is committed to equal opportunity in welcoming candidates of all backgrounds to apply. Any preference or exclusion based on a protected characteristic is strictly prohibited. Nemours Children's Hospital, Florida

[Nemours Children's Hospital, Florida](#), a 130-bed facility in Orlando, offers life-changing care for children. Celebrating more than a decade, our system's southern anchor is rapidly improving the quality of care for children throughout the state. All designed by and for families, it creates an environment that promotes children's physical, emotional and spiritual healing. The hospital is an accredited provider of Graduate Medical Education and it's located in the innovation area of Orlando known as Lake Nona Medical City. It's a top American Nurses Credentialing Center RN Nurse Residency Program and collaborates with the University of Central Florida College of Medicine. Our pediatric residency program celebrated its first class of graduates in 2022.

We encourage prospective candidates to learn more about our organization and the communities we serve. At Nemours Children's, we're not just treating illness, we're helping children and families live healthier, happier lives.

Orlando, FL/Lake Nona Medical City

Nestled within Orlando, Lake Nona is a vibrant community known for its innovative spirit and quality of life. It offers a tranquil retreat minutes from Orlando's urban center and is a hub for healthcare and life sciences. Lake Nona features upscale residential neighborhoods, top-rated schools, championship golf

courses, state-of-the-art sports facilities and diverse retail, dining and entertainment options. With a commitment to sustainability and wellness, Lake Nona is an ideal place to live, work and play.

About Us

Nemours Children's Health is an internationally recognized pediatric health system serving more than 1.7 million patient encounters each year. We deliver care across six states through two freestanding children's hospitals — Nemours Children's Hospital, Delaware and Nemours Children's Hospital, Florida — along with a network of more than 80 primary, urgent, and specialty care practices and more than 40 hospital partnerships.

Backed by the Nemours Foundation and Alfred I. duPont Trust, our \$1.7B nonprofit system is dedicated to improving children's health through clinical care, research, education, advocacy, and prevention. Our Whole Child Health approach focuses equally on prevention and treatment, partnering with communities to help every child thrive.

Inclusion and belonging guide our strategy and growth. We are committed to culturally relevant care, reducing health disparities, and fostering an environment where every associate, patient, and family feels supported and valued.

About Us

Nemours Children's Health is an internationally recognized children's health system. With more than 1.7 million patient encounters annually, we provide medical care in five states through two freestanding state-of-the-art children's hospitals – Nemours Children's Hospital, Delaware and Nemours Children's Hospital, Florida. Our pediatric network includes 80 primary-urgent-and specialty care practices and more than 40 hospitalists serving 19 affiliated hospitals. We generate annual revenues of more than \$1.7 billion derived from patient services, contributions from the Alfred I. Dupont Trust, as well as other income.

As one of the nation's premier pediatric health systems, we're on a journey to discover better ways of approaching children's health. Putting as much focus on prevention as cures and working hand in hand with the community to

make every child's world a place to thrive. It's a journey that extends beyond our nationally recognized clinical treatment to an entire integrated spectrum of research, advocacy, education, and prevention, leading to the healthiest generations of children ever.

Inclusion and belonging guide our growth and strategy. We are looking for individuals who are passionate about, and committed to, leading efforts to provide culturally relevant care, reducing health disparities, and helping build an inclusive and supportive environment. All of our associates are expected to ensure that these philosophies are embedded in their day-to-day work with colleagues, patients and families.
