INVITATION

On behalf of the SPiR Board of Directors and our members, I am pleased to invite you to participate in the 14th International Meeting of the Society for Pediatric Interventional Radiology (SPiR) in Edinburgh, Scotland, in September 2026. Following our first Southern Hemisphere meeting in Australia in 2025, we will return to Europe for the first time in four years.

Building on previous years' themes, we will review the current state of our specialty, explore new treatment methods, and evaluate the effects of expanding our field's global reach.

Founded 16 years ago to improve children's care through image-guided, minimally invasive techniques, SPiR has grown into the world's largest pediatric interventional radiology society. Our members include physicians, nurses, allied health professionals, trainees, and medical students from around the world. While we have made significant advances, much work remains in expanding access to skilled professionals, proper equipment, and innovative solutions for pediatric care. Industry support for collaboration is essential, and this scientific meeting offers an excellent opportunity to strengthen partnerships between industry members and the pediatric interventional radiology community.

We anticipate this will be our best-attended meeting to date, likely to exceed 200 attendees and further expanding both our global outreach and the meaningful involvement of our associate members, including advanced practice providers.

This year's program includes:

- **Showcasing New Technologies** Opportunities to present the latest products and technological advancements
- **Extreme IR Session** Highlighting the most complex and innovative procedures
- **Global Experiences** Sessions showcasing unique practices from various regions
- **Pediatric IO** In-depth discussions on advances in pediatric oncology

- **Morbidity & Mortality Sessions** Utilizing collective experiences to improve quality and safety
- **Special Focus on Nurses, Technologists, and PAs** Dedicated sessions for multidisciplinary team members
- **Wellness** Addressing physical and mental health challenges for providers
- **Panel Discussions** Thought-provoking conversations on topics ranging from system-focused PIR to AI and Robotics
- **Debates** Questioning existing practices and investigating innovative strategies
- **Scientific Sessions** Featuring the finest abstract submissions in Pediatric IR

Why Sponsor the SPiR Annual Meeting?

We are grateful to our industry partners for their support, which has made these meetings possible. By sponsoring this event, you will:

- ✓ **Gain Direct Access to Decision-Makers** Connect with leading Pediatric IR specialists and healthcare professionals from around the world through valuable face-to-face interactions.
- ✓ **Showcase Your Innovations** Display your latest products and services in our interactive exhibition area, allowing attendees to experience cutting-edge solutions firsthand.
- ✓ **Increase Your Brand Visibility** Boost exposure with event signage, digital campaigns, and printed materials.

Our ongoing collaboration with industry partners has been vital to advancing Pediatric IR. Engaging with representatives from leading companies helps us stay current with the latest devices and fosters the development of new solutions to improve patient care.

We offer a range of sponsorship packages designed to boost your exposure and engagement with attendees. Supporting this meeting allows you to play a vital role in advancing innovation and excellence in Pediatric IR.

Please find the enclosed Exhibitor Prospectus with detailed information on sponsorship opportunities and benefits. If you have any questions, please do not hesitate to contact us.

Thank you for considering this exciting opportunity. We look forward to seeing you in Scotland.

Warm regards,

Gulraiz Chaudry MD

President

ABOUT THE SPIR

The **Society for Interventional Radiology** is an international organization dedicated to excellence in Pediatric Interventional Radiology. The Society unites experts from centers across the world and gives them a forum to discuss, debate and develop this specialty together.

Our annual congress provides a platform for teams to share their expertise and learn how to apply the latest IR techniques in children. SPIR supports research initiatives in a number of regions, recognizing that in order to innovate and improve, we need to collaborate and learn from each other. SPIR has members from over 20 nations and actively seeks to support those who may be delivering PIR in relative isolation. We work with training schemes to attract emerging talent to our specialty and encourage Members-in-Training participation via our meetings and education programs.

SPIR works with other organizations such as SIR, SPR, ESPR, CIRSE, SIDI, ASPVIR and the Chinese SPIR to raise the profile and influence of pediatric IR. We also reach out to nations where PIR is not yet a reality, so that in time, every child in the world has access to minimally invasive, life-changing treatment.

Meet our Board of Directors [HERE](#)

SPIR MISSION STATEMENT

To support and advance the specialty of Pediatric Interventional Radiology for the purpose of improving patient care through the following goals:

Patient Care

To promote excellence in clinical care of children through the practice of pediatric interventional radiology.

Education and Training

To sustain the development and growth of pediatric interventional radiology through a focus on education and training.

Research

To advance the future development of pediatric IR through research, critical practice evaluation and innovation.

Communication / Collaboration

To provide a forum and infrastructure for networking, communication and collaboration, to support current and future pediatric interventional radiologists (PIRs) within a multidisciplinary environment.

Public Relations/Advocacy

To foster recognition of SPIR within the medical and hospital communities, radiological societies and in the general public.

LEARNING OBJECTIVES

The SPIR Annual Meeting will provide the opportunity to do the following:

1. Understand treatment standards and future alternatives for a range of complex pediatric diseases that benefit from minimally invasive procedures.
2. Update participants' on new strategies for practice management, training and career development.
3. Critically evaluate minimally invasive approaches to challenging procedural situations.

TARGET AUDIENCE

- Pediatric Interventional Radiologists from North America, South America, Europe, Australia, Africa, Asia
- Allied Health Professionals who practice pediatric interventional radiology
- Members-in-Training who practice pediatric interventional radiology
- Pediatric Radiologists and Healthcare providers with an interest in learning more about interventional radiology.

TERMS & CONDITIONS

BOOKING AND PAYMENT

All prices are quoted in US dollars. Sponsorship packages and exhibition space will be allocated only on receipt of a signed booking form. Confirmation will be sent together with an invoice for the full amount. The invoice is payable within 30 days of date of invoice. If the payment is not received within this timeframe, then you may forfeit your right to the requested sponsorship package.

Benefits can only proceed when payment has been made. All payments should be made in US dollars.

No sponsor will be allowed to setup their exhibition stand until full payment has been received.

Sponsors may not assign or sublet any part of their exhibition space.

Sponsors consent to their contact details being shared with suppliers and contractors.

Registration of company attendees will be done separately upon confirmation of your sponsorship.

All exhibition staff (complimentary or otherwise) must be registered.

DELEGATE LIST

Email addresses of delegates who consent to provide their name and email address will be shared with all sponsors and exhibitors.

Please ensure that when contacting delegates that all communications adhere to anti-spamming regulations, relevant privacy policies and that inadvertent disclosure of attendees' information does not happen. Failure to comply will result in the exclusion of email contacts from future meeting lists.

INSURANCE

Sponsors are responsible for arranging appropriate insurance coverage in connection with their attendance at the conference, including loss, theft & liability. SPIR and The Royal College of Physicians Edinburgh cannot be held liable for any loss, liability or damage to personal property.

CANCELLATION POLICY

The cancellation policy for sponsorships is as follows:

- Cancellations made prior to June 30, 2026, will result in a 50% cancellation fee of the total sponsorship amount.
- Cancellations made after June 30, 2026, will result in a 100% cancellation fee of the total sponsorship amount.
- The Organizing Committee reserves the right to cancel the meeting in the case of circumstances beyond its control. In such a case, all monies paid to date will be refunded in full, less any expenses incurred. The liability of the organizers will be limited to that amount.
