

Terrific Opportunity for an Interventionalist with Pediatric Training at World Class Academic Center!

The Department of Radiology at NYU Langone Health invites applications for a full time faculty position in the Vascular and Interventional Radiology (VIR) Section at the NYU Langone campus in Manhattan/Brooklyn.

Our VIR section includes 12 full time collegial interventionalists including one with pediatric specialization performing a wide variety of high complexity innovative procedures. Our facilities include 2 high volume level 1 trauma centers. There is a robust pediatric clinical service resulting in a burgeoning, high-complexity pediatric caseload including vascular anomalies, ablation, liver transplant and portal hypertension intervention, musculoskeletal procedures, interventional oncology, venous thromboembolic procedures, and lymphatic interventions. We work alongside our excellent group of nurse practitioners, radiologist assistants, radiology residents, and integrated and independent IR residents.

NYU Langone Health is a leader in research and clinical excellence, being included on the U.S. News and World Report Honor Roll and ranked #1 in New York, with the medical school ranked #2 for radiology training. Our radiology residency ranked #5 in the most recent Doximity Survey. The Department of Radiology at NYU Langone Health is known for being at the forefront of both innovation and research.

This is the perfect job for an interventionalist who wants to practice a blend of pediatric and adult VIR at a world class academic medical center. Candidates should have completed an independent or integrated IR radiology residency or VIR fellowship including training in pediatric procedures. Salary range is \$330K - \$550K and is commensurate with qualifications and experience. NYU offers a generous benefits package.

Qualified applicants must be ABR certified or ABR eligible.

Please address a letter of application or nomination and curriculum vitae to:

Frederic J. Bertino, MD
Adult and Pediatric Interventional Radiologist
Director, Pediatric Interventional Radiology
Clinical Assistant Professor of Radiology, NYU Grossman School of Medicine
Interventional Radiology Section, Department of Radiology, NYU Langone Health
