

Physician/Attending - Interventional Radiology

Miami, Florida

Requisition ID 25064

Outstanding Opportunity for Fellowship-Trained Pediatric Interventional Radiologist in Miami

Nicklaus Children's Hospital, a 325-bed freestanding children's hospital and Level I trauma center, and Nicklaus Children's Pediatric Specialists, the physician multispecialty group practice of Nicklaus Children's Health System, have an exceptional opportunity for an ACR Board Certified, CAQ Pediatric Radiologist. Candidates with sub-specialty training in interventional and/or neuroradiology are preferred.

About the Division of Radiology

The Department of Radiology at Nicklaus Children's Hospital has been serving the community since the hospital's inception in 1950 and features state-of-the-art ACR-accredited imaging equipment at the main hospital and offsite imaging centers, including 6 MRI (including 3T and intraoperative 1.5 T), dual source CT (Siemens FLASH), Siemens PET-CT, 2 dual-head nuclear cameras, 2 Siemens fluoroscopy units, 2 EOS imaging radiographic units, high-quality GE digital units, and 13 GE Logic 9 ultrasounds. In early 2025, the division implemented Visage7, which brings cutting-edge advanced technology to the radiology and imaging space. A brand new, state-of-the-art interventional suite opened in 2025.

The group is the largest in South Florida devoted exclusively to the practice of pediatric radiology with the only ACGME-accredited pediatric radiology fellowship program in South Florida. This group of 13.6 pediatric radiologists includes experts in neuroradiology, cardiac CT, fetal, interventional and musculoskeletal imaging. We are a collegial group that values work-life balance and has a mix of attending physicians, fellows and rotating radiology residents from Mount Sinai Medical Center of Greater Miami. Nighthawk coverage is provided at night. Candidates should share Nicklaus Children's commitment to delivering on its brand promise of a care environment where every child matters most.

Academic Affiliation

This position includes appointment to the Faculty of FIU Herbert Wertheim College of Medicine. Opportunities for clinical and translational research abound.

About Nicklaus Children's Hospital

Founded in 1950, the rebranded Nicklaus Children's (formerly Miami Children's) Hospital is renowned for excellence in all aspects of pediatric medicine and has numerous subspecialty programs that are ranked among the best in the nation. In addition to its 325-bed hospital, Nicklaus has a growing network of 10+ regional urgent care centers across five counties and a network of physician practice locations throughout South Florida. It is also home to the largest pediatric teaching program in the southeastern U.S. Our organization consistently appears on employer award lists such as Fortune magazine's "Best Workplaces in Health Care," Becker's "150 Great Places to Work in Healthcare," Newsweek's "World's Best Specialized Hospitals" and People magazine's "50 Companies That Care." The position affords the ability to join a phenomenal team that brings lifelong health and hope to children and their families through innovative and compassionate care.

Discover Miami, Florida

Nicklaus Children's Hospital is located in Miami, Florida and offers all the advantages of a tropical, diverse and metropolitan community. You can enjoy abundant sunshine and warm weather year-round with easy access to numerous recreational opportunities, cultural and professional sporting venues, and international travel.
