Description of Fellowship

We offer a unique training pathway to becoming a pediatric IR. Interested candidates apply to the adult IR fellowship at Northwestern and may select a pediatric IR focus. This allows them approximately 4 months of pediatric IR training during their adult IR fellowship. Graduating fellows are IR CAQ eligible.

Fellowship Details

Pediatric IR Section Chief or Division Chief: Shankar Rajeswaran

Pediatric IR Fellowship Director: Shankar Rajeswaran

Fellowships Available:

- Combined Adult Interventional Radiology and Pediatric Radiology

Durations Available:

- Less than one year

Number of 1 year or greater Fellowships: Candidate would have to match at Northwestern adult IR and seek a focus in pediatric IR

Start Date: July 1

Approximate Call Frequency: Every fourth night

Elective Time offered during Fellowship: If an adult IR fellow choose to specialize in pediatric IR, they can get up to 4 months of pediatric IR

Number of Pediatric Fellows trained here in the last 5 years: We have trained 2 adult IRs who have focussed in pediatrics and are now pediatric IR attendings

Does a combined fellowship result in eligibility for a CAQ (such as in IR or pediatric radiology), or other accreditation: Yes. Adult IR CAQ

Prerequisite requirements:

- Radiology Residency

Service Details

Number of pediatric IR attendings: 6 body IR (3 dedicated Peds IR and 3 adult IR) and 2 Neuro IR

Number of adult IR attendings with direct teaching responsibility for the PIR fellows: 3

Number of neuroradiology or interventional neuroradiology attendings with direct teaching responsibility for the PIR fellows: 2

Approximate annual IR Pediatric case volume: Greater than 3000

Approximate annual case volume by subspecialty:

- Vascular Access> than 200 cases a year
- Biopsy Drainage.....> than 200 cases a year
- Body Angiography & Intervention.....Between 20 and 200 cases a year
- Spine InterventionsBetween 20 and 200 cases a year
- Vascular AnomaliesBetween 20 and 200 cases a year
- Venous InterventionsBetween 20 and 200 cases a year
- Enteric access (G,GJ), Cecostomy> than 200 cases a year
- Locoregional tumor therapyBetween 20 and 200 cases a year
- Musculoskeletal InterventionsBetween 20 and 200 cases a year
- Biliary Interventions.....Between 20 and 200 cases a year
- GU InterventionsBetween 20 and 200 cases a year
- Diagnostic Cerebral AngiogramsBetween 20 and 200 cases a year
