

With expansion on the horizon, The Section of Pediatric Interventional Radiology at Le Bonheur Children's Hospital is recruiting for a full-time board-certified radiologist with fellowship training pediatric and/or adult interventional radiology.

You will join three other full-time interventional radiologists with additional support from three tenured nurses, and five radiology techs. We specialize in a variety of cases including, visceral bleeds, idiopathic internal bleeding, trauma interventions, biopsy, abscesses, gastric, hepatobiliary interventions, various catheter placements including porta cath and thrombosis, and vascular anomalies in our internationally recognized multidisciplinary vascular anomaly clinic. Our equipment is state-of-the-art and includes a brand new Siemens Single Plane Fluoroscopy w/10-year full service contract, brand new CT Fluoro Hybrid and one c Arm, Two GE Ultrasounds, Multiple CT and MRI machines for imaging and image-guided interventions.

Le Bonheur has plans for a \$95 million expansion with our partner, St. Jude Children's Research Hospital preparing for a \$1 billion expansion. These will be major drivers in volume for Pediatric IR.

Since 1952, Le Bonheur Children's has been providing award-winning care to the pediatric community of West Tennessee. Le Bonheur Children's is recognized among the nation's "Best Children's Hospitals" by U.S. News & World Report for 12 consecutive years and is also a Magnet-designated facility related to high quality patient care. Our team of more than 750 pediatric medical staff members are experts in 45 specialty areas. Le Bonheur has more than 850 registered nurses who are trained in pediatrics and a complete family support staff of child life specialists, chaplains, social workers and educators.

Minimum Requirements:

- MD or DO degree, or equivalent
- Completion of an ACGME-accredited diagnostic or interventional radiology residency
- ABR certified or eligible
- CAQ certificate of added qualification in Pediatric Radiology or Interventional Radiology
- Eligible for licensure in Tennessee
- H1-b candidates will be considered
